NORTHERN BEDFORD

HIGH SCHOOL

LOYSBURG, PENNSYLVANIA

I've saved some sunlight if you should  
ever need a place away from darkness

Rod McKuen

We don't need laws, we need feelings

Julian Beck

And he thought of those he angered,  
For he was not a violent man  
And he thought of those he hurt  
For he was not a cruel man  
And he understood  
He understood himself  
Upon this he saw that he was of anger,  
or knew hurt, or felt fear,  
It was not because he was not understanding  
And he learned, compassion.  
And with his eye of compassion  
He saw his enemies like unto himself,  
And he learned love,  
Then, he was answered.

Graeme Edge

I will plant companionship  
thick as trees . . .  
I will make inseparable  
cities with their arms about  
each others necks . . .

Walt Whitman

If the most unrelated things share a place, time, or  
odd similarity, there develop wonderful unities and  
peculiar relationships--and one thing reminds us of  
everything.

Novalis

The visable world is no longer a reality and  
the unseen world is no longer a dream

William Butler Yeats

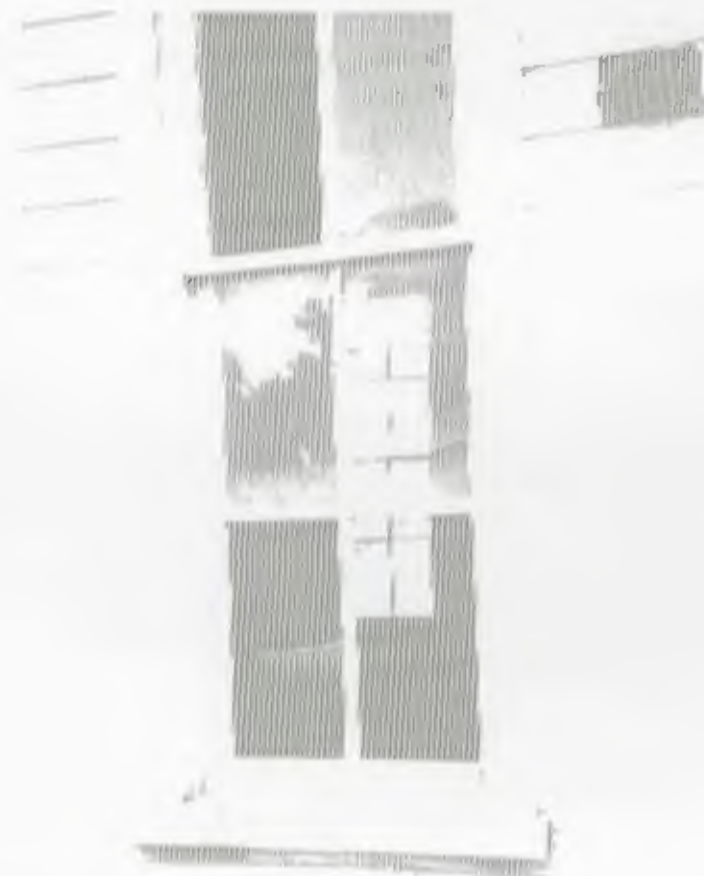

Another man is what you'll see,  
 Who looks like me and looks like you,  
 And yet somehow he will not feel the same,  
 His life is caught up in misery,  
 He doesn't think like you and me,  
 'Cause he can't see what you and I can see.

Mike Pinder

Everything  
 has it's  
 wonders  
 even darkness  
 and silence.

Helen Keller

Happy are those who dream  
 dreams and are ready to  
 make them come true.

Cardinal Suenens

I kicked off my shoes, and felt the good earth under my feet  
I loosened my tie, and felt what it feels like to breathe.  
I found the secret to life  
I took some time for living

I looked around, and saw what sweet things can be found  
Simply by taking some time for living  
Grooving on little things life is giving  
From now on I'm taking time out for life

Too busy to stop and notice the things that are real  
Embarrassed to talk about all the things that I feel  
It's so strange, Never noticed the world all around me  
Hey, look I've changed, my attitude's been rearranged

From now on I'm taking some time for living.  
Grooving on everything life is giving

I want to participate in events of supreme authenticity, to involve people with their environment so that life is lived whole.

Ann Halprin

Consistency is the  
last refuge of the  
unimaginative.

Oscar Wilde

## On the Road to Find Out

Well, I left my happy home to see what I could find out. I left my folk and friends with the aim to clear my mind out. Well I hit the rowdy road, and many kinds I met there, many stones told me of the way to get there. So on and on I go, the seconds tick the time out, there's so much left to know, and I'm on the road to find out. Well in the end I'll know, but on the way I wonder through descending snow, and through the frost and thunder, I listen to the wind come howl, telling me I have to hurry. I listen to the robin's song saying not to worry. So on and on I go, the seconds tick the time out. There's so much left to know, and I'm on the road to find out. Then I found myself alone, hoping someone would miss me. Thinking about my home, and the last woman to kiss me, kiss me. But some times you have to moan when nothing seems to suit you, but nevertheless you know you're locked towards the future. So on and on you go, the seconds tick the time out. There's so much to know, and I'm on the road to find out. Then I found my head one day when I wasn't even trying and here I have to say, 'cause there is no use in lying, lying. Yes the answer lies within, so why not take a look now, kick out the devil's sin, and pick up, pick up a good book now. Yes the answer lies within, so why not take a look now, kick out the devil's sin, pick up, pick up a good book now. Yes the answer lies within, so why not take a look now, kick out the devil's sin, pick up, pick up a good book now. Yes the answer lies within, so why not take a look now, kick out the devil's sin, and pick up, pick up a good book now.

# Yellowbrick Road

Many things about this year will stick in everyone's memory for a long time to come and have helped to make this a highly memorable one in the lives of students; especially our seniors.

What a year for sports! Anyone who witnessed "THE FOOTBALL GAME" was in for a once in a lifetime experience. The hearts of many jumped to their throats and remained there for quite some time. But our boys came through for a 7-6 victory over Tussey to change those tears of sorrow to tears of joy and wrap up that undefeated season of champions. Our matmen hustled to give us one of the best wrestling seasons ever and a great promise of what is to come. Not to be outdone, the baseball team put forth a fine effort to end up with a highly successful season.

As proved here at Northern Bedford, women's lib does have some great side effects. Girl's track and softball were added to the list of sporting events this year. We would like to thank the administration for giving the girls a long-awaited chance to display their athletic abilities. While credit is being given, we would also like to tell the entire Northern Bedford community how much we appreciate their interest and support of our athletic events as well as other school related activities. Our sports and extra-curricular activities teach us many of the things that are impossible to learn from books, and after all, getting along is what it's all about.

Many other constructive events marked this year as one to remember. Our own streaking team finally came to light but unfortunately gave only one performance. (The names are withheld to protect the guilty!) Also a new record of 54 was chalked up for the number of guys able to squeeze into the lavatory.

All in all, I guess you could say that the school and teenage environment hasn't changed too greatly over the years. Watching "American Graffiti" made us all realize that things are pretty much the same now as they were in the 60's. However, if we were to pull some of the tricks that they got away with, we would probably receive a jail sentence!

Although not such a great year in the history of the United States with Watergate crowding the headlines, it brought many good times to us here at Northern Bedford.

# 1974 PAWPRINTS DEDICATION

We, the senior class, would like to dedicate the 1974 Pawprints to Mr. William Droblich. Through his past experiences of teaching at Northern Bedford he has helped each of us to mature in our attitudes with his kind and understanding nature. For nine years his friendly smiles have brightened the halls and classrooms at Northern Bedford.

Some of the activities which have helped Mr. Droblich identify with his students are his abilities to communicate with them on a mature level and to help them meet their problems and anxieties, as each school day passed.

Beginning with his Bachelor of Science degree from the University of Pittsburgh, he has through the years received his Masters in Communication, and his Masters Equivalency in English.

We are all honored to dedicate the 1974 Pawprints to Mr. Droblich and hope that he will always enjoy and remember his years of teaching at Northern Bedford.

June 4, 1974 is a day that will long be remembered by the 107 members of the 1974 Senior Class from Northern Bedford. The temperature outside may have been a comfortable 68 or 70 but the auditorium pulled through again to create a warmer than necessary environment for the occasion.

As "Pomp and Circumstance" began to play the audience rose, the faculty marched into the auditorium, and the most honored young adults of the evening proudly marched up to the stage to their assigned seats. This was truly their last assignment at NBHS, and most certainly the most important. After 12 years of asking, "why", hiding report cards, band practice, football games, lunch in the cafeteria, cramming for tests, and "Many announcements this morning . . ." it was all finally coming to a close.

Debbie Lasher delivered the Class Welcome and was followed by Ken Bussard's Class Address which was centered around the class motto, "The Morning of Our Lives." Ken lucked out, it was possibly easier to base his address around this motto than the unofficial class motto of "Keep on Truckin'".

Dr. Van Horn, Superintendent, welcomed the friends, family, and faculty of the class by expressing the mixed emotions that are felt at an occasion such as commencement and extended his wishes for the best of success to the class.

Mr. Arthur M. Golden, from Utica, New York was our guest speaker who presented the address, "The Beautiful Graduate." He told the class that they are going into a troubled world but that he has heard of "this troubled world" in many commencement exercises throughout his life. Mr. Golden urged the class to take advantage of their youth and for each individual to become all that he or she is capable of being.

Awards and honors were presented by Mr. Gerald Brown. Dr. Richard H. Bulger, President of the School Board, presented diplomas to the graduates and Mr. St. Clair, high school principal, officially graduated the Class of 1974. Dr. Bulger also spoke to the class about the motto. They have lived the "morning of their lives" but the most important: the forenoon, noon, afternoon, and the evening are yet to follow. They are young and must now start to prepare for their future which will be exactly what they, as individuals, create.

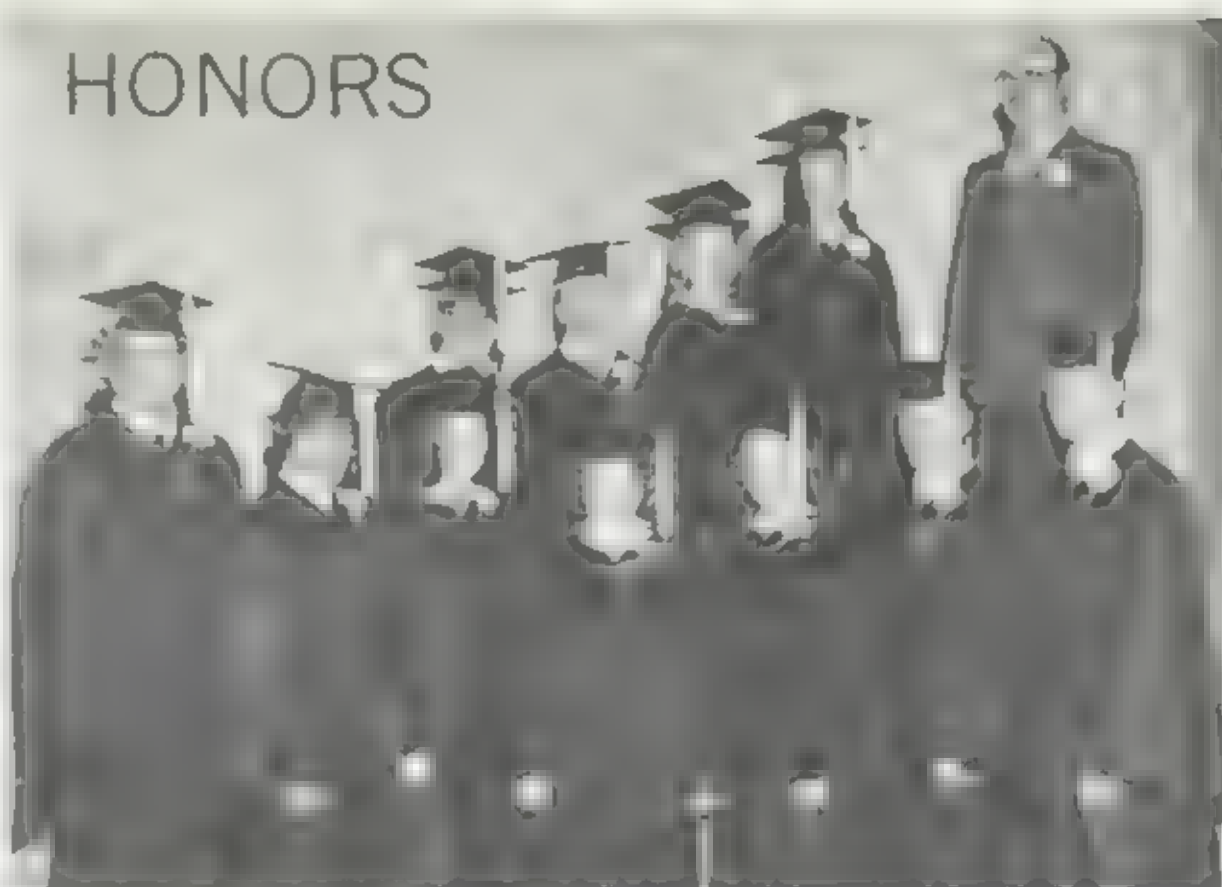

Through the speeches, addresses, and presentations many thoughts of the past and future must have been going through the 107 minds on stage, but in the words of some unknown, they'll "Keep on Truckin'" and make this a better world for their children in which to graduate.

If we persist in our restless desire  
to know everything about the universe  
and ourselves, then we must not be  
afraid of what the artist brings  
back from his voyage of discovery.

Herbert Read

Oh very young what will you leave  
us this time,  
You're only dancing on this earth  
a short while,  
And though your dreams may toss  
and turn you now,  
They all pass away like your dad's  
best jeans.  
Fading blue, fading up to the sky  
And though you want them to last forever,  
You know they never will  
And their good-bye makes the journey  
harder still.

Fletcher.

With the fine running of Fred Glasgow and the soft hands of Don Foor the Panthers under Joe Wachter defeated the Southern Rockets 14-8. The Panthers tromped the Hornets by 22-0 with the help of sophomore Mike Johnson substituting for Fred Glasgow, who was injured at South Huntington. The Tussey Titans met their so called, "Toughest game of the week," when out of the High Appalachian came the Panthers who did not loose their poise in the second half and came back to tie the so called Mighty Titans 12-12. It was a rainy day at Fishertown and the Ridge Lions more or less "showed up" to be beaten 58-6. With the combination of great ground gains and precision passing of Joe Wachter the Panthers mopped up the floor 50-12 with the Blue Pirates. Freddie pulled 257 yards on his record against the Bulldogs. And in the whole evening the Panthers offense racked up 7TD's and 2 extra points to chain the Bulldogs 45-18. The offense looked good but the Northern Defense gave a jolly good show with a block punt for a TD by Wheedle and 2 fumble re-

coveries by Don Foor and Tim Swindell to win 49-12. The Panthers gave it to the Everett Warriors with a fantastic score 48-6. It was really just a pay-back for last years loss. This evening was most amusing to the Panthers when Fred knocked off the cute little smile of Jeff Jones' face. The offense and the defense of NB had it all together this evening. The score implies a close game 49-30 but it really wasn't, because NB's sub's were not as tough as Shades 1st sting. Once again to show the Mighty Titans who was boss, we had a play-off game at Mansion Park and of course you know the better team won, the Black Panthers, 7-6.

We the student body would like to give congratulations and thanks to our football team and coaches. It was the whole team effort which brought honor and recognition to our school and county and it may prove to be so far the best football team at Northern Bedford High School. Congratulations once more to the Great Black Panthers football team of 1973.

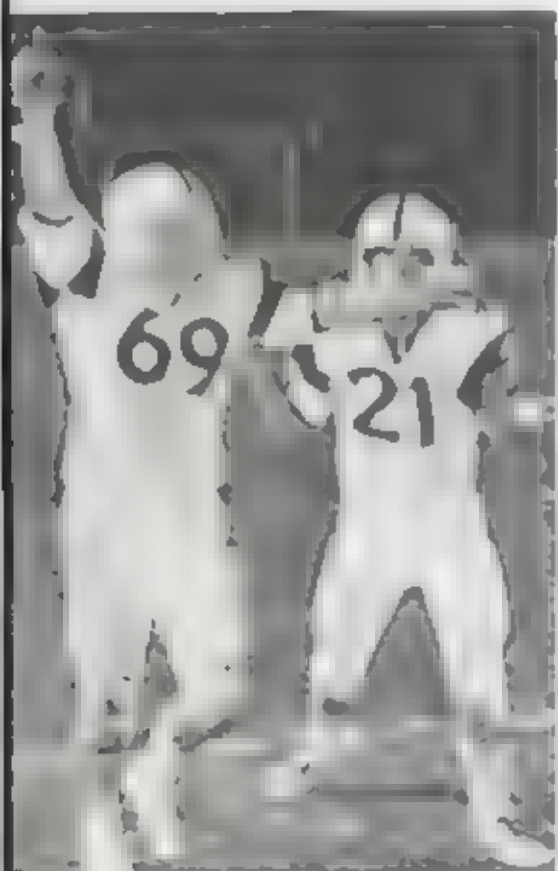

COACH GIRONDA

COACHES: Ewart, McCahan, Gironda, Reed, and Nastasi.

10/6 '73 Mr. St. Clair: "The boys put it all together. They had it all the way. This game should set the stage for the remaining games."

10/6/73 Coach Ewart: "They had two chances--slim and none."

9/29/73 Ken Bussard: "How bad did Tussey beat Ridge? 47-12. How bad did we beat Ridge? 58-6."

11/17/73 Coach Gironda: "The boys kept their poise and didn't breakdown in crucial situations. They have played that way all season. I was proud of the way they came out the second half and picked up their offensive blocking assignments. We moved the ball pretty consistently the second half and the line was the difference. Our ball control the second half was the telling factor."

Can this really be the comet Kahoutek?

The J.V. Girls' Basketball team had a successful season. We placed 2nd in the county league with an 8-2 record.

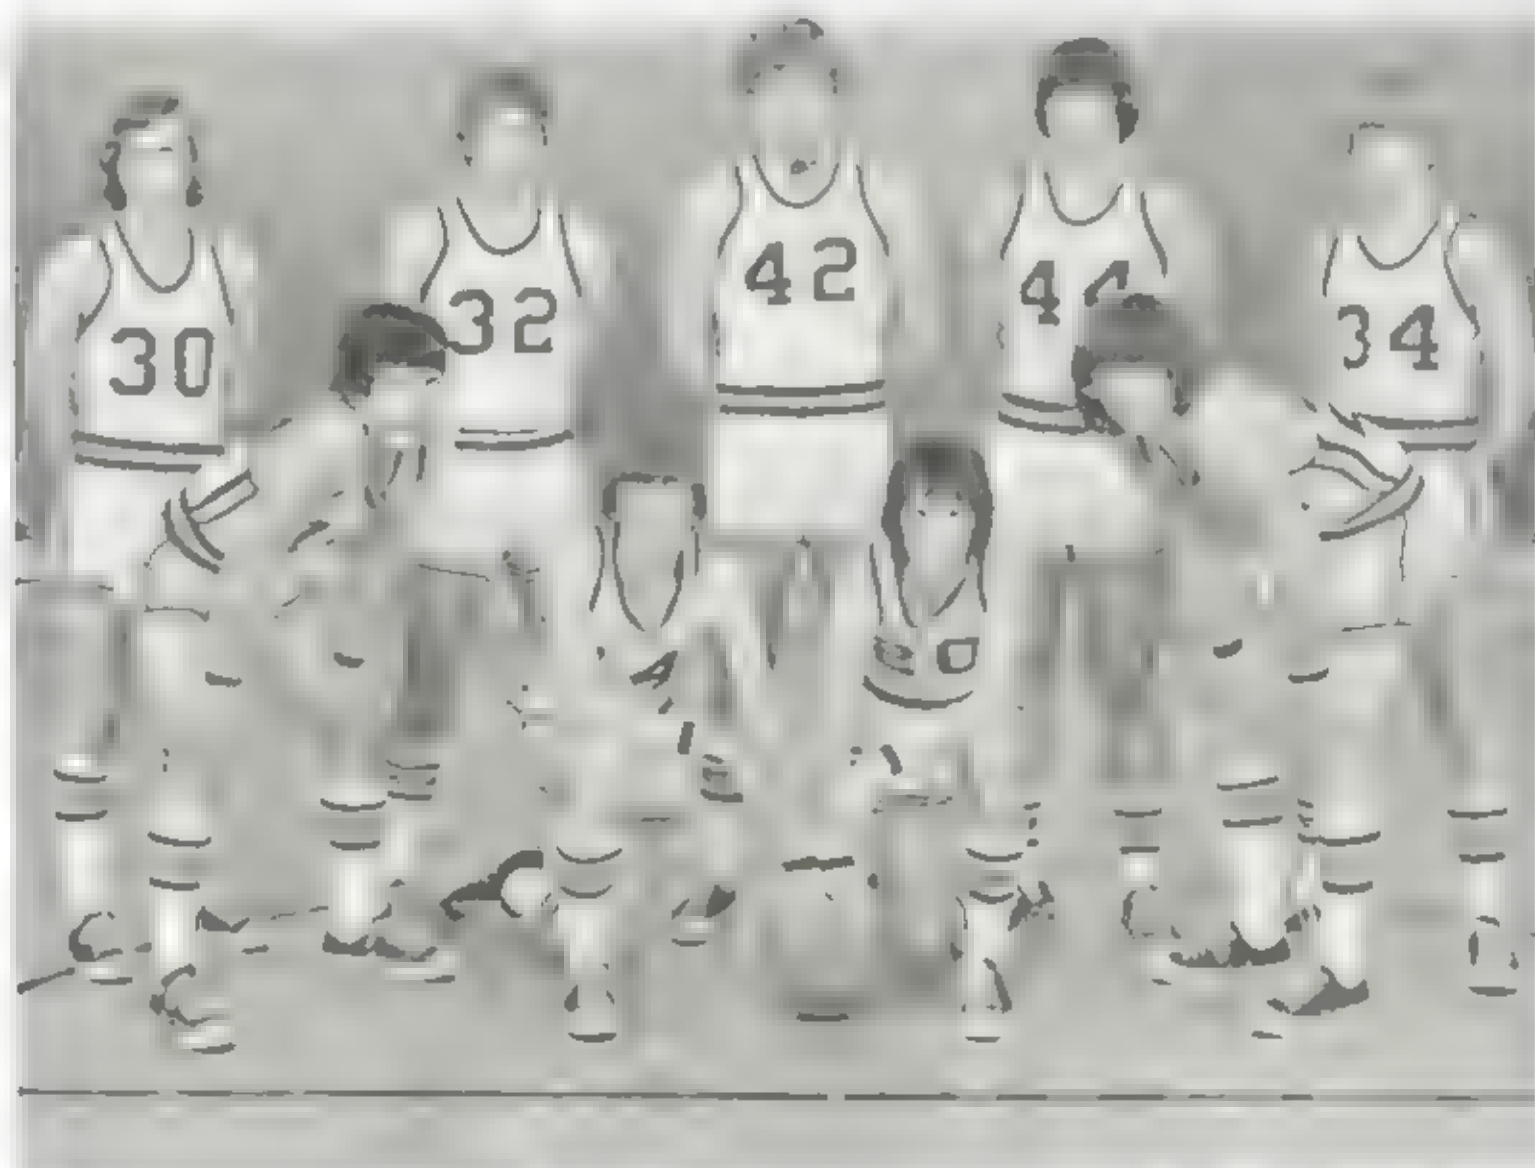

We're looking forward to next season as it will be the first time that we will have experienced players returning to the squad.

Pat Snyder

"When we went to the first practice practically half of us didn't even know the difference between offense and defense." "Belonging to the basketball team made me feel that I could do something that guys could do and it also gave me a couple goals, like the one I had to make a basket in just one of those games. (Which I never did!)" Beth Hull

With the loss of Tim Swindell, the only returning letter from last year, it hurt the team for the rest of the season. We were well pleased with the progress of the underclassmen and are looking

forward to next season with four starters returning and several very capable individuals fighting for the fifth position.

# 1974 GIRLS' SOFTBALL

In this first year of competition, the slugging girls' softball team compiled a respectable 5-5 record against county teams. The three girls with the highest batting averages are: Penny Blake (.394), Carol Eichelberger (.382), and Jamie Hale (.352).

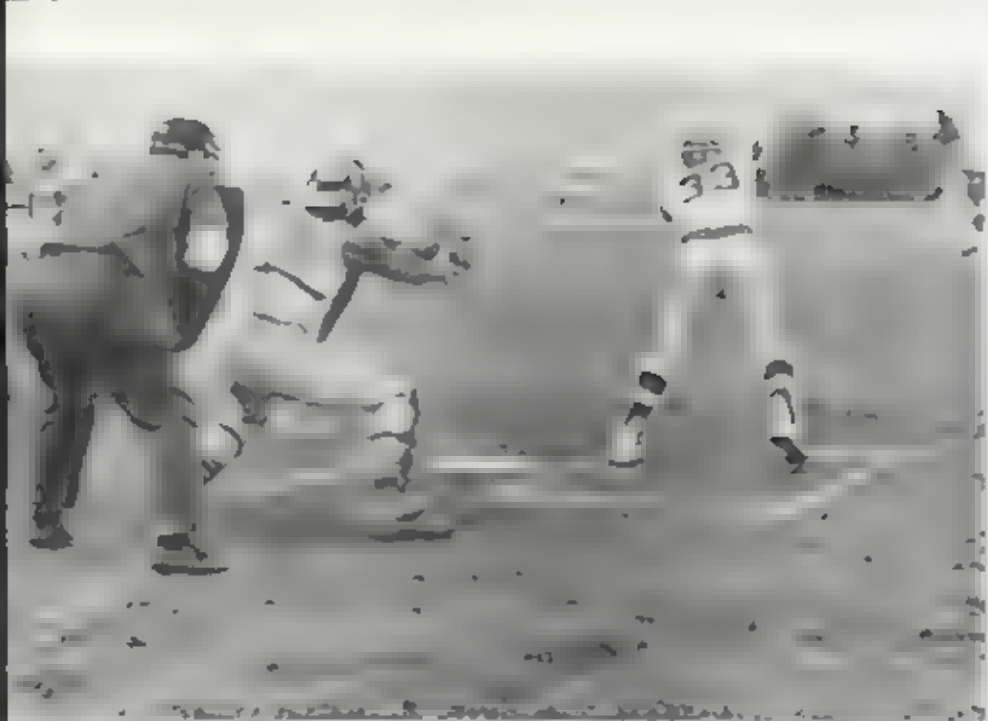

The starting ten were chosen from a field of forty hopefuls, with many underclassmen involved.

After this season of such great beginnings and accomplishments, coaches Mrs. Pat Snyder and Miss Nancy Pepple expect an even more improved team for next year.

## ON TRACK

I think that if this year's track team would have put forth alot more effort; it would have been a whole lot better.

Tim Swindell

Next year will probably be alot better than this year.

Cindy Clark

I rank track okay except when you get your \_\_\_\_\_ ripped off.

Dean Musselman

I think we had a fine coach this year, and we all tried our best.

Dale Price

## ON FOOTBALL

The main difference between this year's team and all the other teams at NBC was that we had "real class."

Jack Hall

Any time you are around champions it makes you feel good to know that you coached them.

Mr. Gironda

It was a pleasure working with this years' undefeated team.

Mr. Nastasi

We may not have had the best county record, but we sure had the "looks."

Miss Pepple

The Panther baseball team compiled an impressive 13-3 record and captured the Bedford County League title.

Co-captains Joe Wachter and Dirk Barkman paced the team in hitting and pitching. Wachter batted .479 and had a 5-0 pitching record. Barkman stroked the ball at a .421 pace and recorded a 7-3 pitching slate.

Showing a strong desire to win the team came from behind in five games and won them in the 7th inning.

## ON BASEBALL

This year's team is the best Bedford County has ever seen.

Moose

If I wouldn't have broken my leg the team would have gone undefeated.

Lucy Clark

## ON BASKETBALL

The girls did quite well this year but we are working toward a better season next year.

Mrs. Jones

## ON SOFTBALL

I'm glad it finally happened during my senior year.

Bev Reed

We may not have done as well as we had hoped, but we never lacked for enthusiasm and drive.

Mrs. Snyder

## ON WRESTLING

It was a very successful season due to the group of kids that were involved.

# ONE FOOT IN HEAVEN

1974 brought another successful season to the Drama Club and other members of the cast that presented, "One Foot in Heaven." After approximately three months of memorizing lines, talking to mirrors, practices, and rehearsals, the play was ready for presentation on March 30. Even though the cast and stage crew had a good opening night, one more problem was to plague them. George Digby (known to most of us as Steve Stephanos) came down with pneumonia. With Ron Barnett to the rescue, the play acquired a new George and closed with another successful performance on April 1.

The Northern Bedford FTA has been reinstated in the State wide organization known as the Pennsylvania Youth Education Association. The members have been chaperones for the 6th graders at the Outdoor Education Program and helped with open house. In order to raise money, they sold tickets to the play, "Your a Good Man, Charlie Brown," presented by students of Tussey Mountain High School in the Northern Bedford auditorium.

The Yearbook Staff wishes to express its sincere gratitude to all who have helped in producing the 1974 PAWPRINTS. We would like to thank Mr. Clay Hull for the senior portraits, clubs, and many other pictures in this book. Additional recognition should go to Provine Studios for being so cooperative in taking underclassman portraits.

Mr. Gary Greenland and the Photography Club deserve a thank you for their long hours of work in the dark room as does Mr. Steven McCreary and Mr. Thomas Anthony for the contribution of many of our nature shots.

The Staff also acknowledges the help of the administration, faculty, and student body, without their support this book would not be possible.

Our sincere thanks and appreciation are extended to our sponsors that are listed throughout this book and to the following patrons:

Mrs. Dorothy Bechtel  
Mr. & Mrs. Samuel Biddle  
Detwiler's Dairy  
Mr. & Mrs. Robert Guyer

What sculpture is to a block of marble, education is to the soul.

Addison

Examinations are formidable, even to the best prepared, for the greatest fool may ask more than the wisest man can answer.

C.C. Colton

The better part of every man's education is that which he gives himself.

J.R. Lowell

All that is necessary for the forces of evil to win  
the world is for enough good men to do nothing.

Edmund Burke

The object of teaching a child is to enable him to get along without the teacher.

Albert Hubbard

It is when we all play safe that we create  
a world of utmost insecurity.

D. Hammerskjold

Friendship is not made by a crisis--  
it is only revealed by it.

### On the Road to Find Out

Well, I left my happy home to see what I could find out. I left my folks and friends with the aim to clear my mind out. Well I hit the rowdy road, many kinds I met there, many stories told me of the way to get there. So on and on I go, the seconds tick the time out, there's so much left to know, and I'm on the road to find out. Well in the end I'll know, but on the way I wonder through descending snow, and through the frost and thunder, I listen to the wind come howl, telling me I have to hurry, I listen to the robin's song saying not to worry. So on and on I go, the seconds tick the time out. There's so much left to know, and I'm on the road to find out.

Then I found myself alone, hoping someone would miss me. Thinking about my home, and the last woman to kiss me.

But sometimes you have to moan when nothing seems to suit you, but nevertheless you know you're locked towards the future. So on and on you go, the seconds tick the time out. There's so much left to know, and I'm on the road to find out. Then I found my head one day when I wasn't even trying, and here I have to say, 'cause there is no use in lying. Yes, the answer lies within, so why not take a look now, kick out the devil's sin, and pick up, pick up a good book now. Yes, the answer lies within, so pick up a good book now. Yes, the answer lies within, so why not take a look now, kick out the devil's sin, and pick up a good book now. It's not the number of holes in the socks on your feet. The only thing that matters is if your mind is complete.
